12M Progress Meeting

Submitted by InfraRisk on Thu, 10/02/2014 - 16:23

The twelve month progress meeting took place on the 30th October 2014 at the Hague Security Delta in the Netherlands and was attended by representatives from all eleven consortium partners. The purpose of the meeting was to assess the project progress and discuss the various administrative and technical issues, including submitted and pending deliverables and coordination activities. WP leaders presented an update on their progress and this was followed by open discussions among all partners on the material presented. Particular focus was placed on the continuing development of the Case Studies.
